

Intensive French Summer Institute

For high school students ages 15-18

Gain greater confidence in your ability to speak French, and participate in real-life conversations with this intensive one-week course.

Morning language classes are followed by afternoon workshops where you use your new language skills in a relaxed, non-intimidating atmosphere.

Benefits:

- conducted entirely in French by experienced francophone instructors
- focus on communication and language function
- grammar taught in support of communicative tasks
- participatory and interactive classes and workshops
- learn about francophone culture through authentic sources (websites, film, music, and articles)
- plenty of opportunity to practise conversation skills.
