

# Notice Regarding French Resources- September 2017

Each student will be issued a **Discovering French Nouveau** textbook.

In addition, students can access on-line support for the book at [www.classzone.com/french.cfm](http://www.classzone.com/french.cfm).

Students will also be assigned a workbook which is used for two years of the program. Students will use these workbooks in-class and for written homework practice. Most parents prefer to purchase a workbook for their child. Once purchased, students will own the workbook and should hold on to it for 2 years.

If you do not wish to purchase a workbook for your child, there is the option of borrowing a workbook from the school so long as it is returned in the same blank condition that it was given to them. Students will need to bring their own lined paper to class to record their answers during practice activities.

The costs of the books are as follows:

**Grade 8 & 9: Level 1                      \$30.00**

**Grade 9: Level 1b                      \$25.00** \*For new students or gr. 9 students who lost their book last year.

In addition, there is an excellent binder insert summarizing important concepts. This laminated fold-out, produced by the Canadian Parents for French, has vocabulary and grammar tables. It is an extremely helpful resource for writing and reading French.

**Keys to French (grade 8-9: level 1)                      \$7.00**

**Keys to French (grade 10: level 2)                      \$7.00**
